

# TREAT

## CONCENTRATED PORCELAIN CLEANER

A detergent-thickened phosphoric acid toilet bowl cleaner that effectively cleans and deodorizes porcelain, ceramic and vitreous china toilet bowls and urinals. Superb cleaning action removes hard water films and rust stains.

### DIRECTIONS

Read the entire label and SDS for proper use, handling and storage before using this product.

**Toilet Bowls:** Remove as much water from bowl as possible. Apply to inside of bowl and clean with swab or bowl brush until surfaces are clean or destained. Clean area under flush rim. For heavy stains, allow solution to remain on surface longer, or repeat steps above. Flush and rinse when finished.

**Urinals:** Pour 2-3 oz. of product into urinal, or on a wet swab or bowl brush in the urinal. Swab urinal. Flush to rinse. Repeat steps above if stubborn stains persist.
